

MAGICSTREAM®

LAMINARS

Crystal clear by day, dramatic color at night.

MagicStream Laminars create totally clear, uniform arcs of moving water that originate from either your pool deck or surrounding landscape. At night, these translucent streams are brilliantly colored with an energy-efficient LED light source. The result is a water effect that adds an elegant bit of entertainment to your poolscape.

PENTAIR.COM

MAGICSTREAM® LAMINARS

Enhancing the entire sensory experience.

MagicStream Laminars clearly add to the sights of your backyard sanctuary. But, they also provide a soothing auditory experience as the stream gently enters your pool—just a hint of sound to mask neighborhood noises that may otherwise interrupt your down time.

The laminars work with the optional Pentair automation systems as well as Pentair Color Sync™ Controller for Pentair Color LED Pool Lights to give you fast and easy control of your lighting experience. They also work with the optional Color Sync™ Controller for Pentair Color LED Pool Lights and Pentair automation systems to give you fast and easy control of your lighting experience.

For even greater control, add an optional ScreenLogic® Interface* or a Pentair automation system, such as the IntelliCenter® Pool Control System to access your pool from practically anywhere and at any time using your smartphone, computer or mobile digital device, Amazon Echo®, Apple Watch® wrist-wearable device.

KEY FEATURES

Water stream adjustability

Adjustable housing allows you to customize the water arcs to meet your desired needs.

Easy-to-adjust nozzles

Laminars can be easily adjusted in two ways. They can be set to create different heights and arc shapes, and the direction the arc is pointed can be moved right or left. Get creative by varying the height, arc shapes, direction and color of individual streams.

Easy removal and replacement

Laminars are designed to be easily taken out of a poolscape and replaced.

Microprocessor-controlled LED system

A microprocessor-controlled, color-changing LED lighting system is at the heart of the MagicStream Laminar. Options include holding a steady color or scrolling through a range of five vibrant LED colors and 7 dazzling light shows.

Flush installation

Installation is made flush to your deck or other surface; no unsightly or unsafe edges, just the magic of water erupting from a hidden source.

Optional box lid colors

Laminar box lids are available in tan, black and gray to match or complement pool decks or other installation surfaces.

Fully assembled

MagicStream Laminars come fully assembled and ready to install on nearly any water return line. To create spectacular nighttime effects, an LED light engine is included. Simply add plumbing and a pool transformer to provide just 16 watts of 12-volt power.

TRADEGRADE

The TradeGrade family of products is exclusively made for and sold by the world's most demanding pool professionals.

Appearance of color and white LED light may vary between various models of lights. Appearance and perception of pool lighting may vary depending on a number of factors including, but not limited to, the particular model of light, the location/depth/angle of the light's installation, pool finish/material, pool depth/shape/geometry, ambient light sources, subjective factors and more. For best results when using multiple lights, use all the same model and do not mix multiple models of lights within a single installation.
